

Experiences Canada

# Indigenous Exchanges

Experiences Canada is a registered charitable organization that facilitates youth travel and exchanges within Canada, including exchanges between Indigenous communities and between Indigenous and non-Indigenous youth. These week-long, reciprocal exchanges create connections between youth from different parts of Canada, and enhance their understanding and appreciation of our shared history, our culture and one another.

Our exchanges are mutually beneficial; providing all youth with a sense of belonging, pride and legacy.

We believe in promoting an increased knowledge and appreciation of Canadian history. With over **80 years of experience** and over **370,000 youth** who have benefitted from our programming, Experiences Canada is proud to be a national leader in facilitating educational youth experiences.

Each point on this map represents a learning experience and a mind opened. These experiences help define us as Canadians through a greater understanding of our roots, our history, and what connects us Canadians.

Education-based programs and exchanges have proven successful in improving the social and economic strength of Aboriginal people.

THE MARTIN ABORIGINAL EDUCATION INITIATIVE, 2015

Youth programs and experiential learning helps in building intercultural understanding, empathy and mutual respect.

TRUTH AND RECONCILIATION COMMISSION OF CANADA, 2015

Experiences Canada has been providing **life-changing trips** and forums

youth who **take part** in an exchange each year

**Indigenous youth** who take part in an exchange each year

Learn about our new initiatives, partnerships, youth forums & pilot projects!
