

Engage. Inspire. Empower.

In partnership with the Canadian Museum for Human Rights, Experiences Canada offers a unique opportunity for young Canadians to explore themes of identity, respect, tolerance and understanding. This is a more directed reciprocal exchange program where Experiences Canada and its partners are responsible for organizing and supporting special visits and activities related to the Human Rights theme.

  Experiences Canada  @ExperiencesCan

Experiences Canada is a registered charitable organization that facilitates experiential learning opportunities within Canada. In addition to the generous support of the Department of Canadian Heritage for travel expenses to and from each other's communities, additional funding to help cover added costs of in-community programming and the development and execution of the local human rights projects is being provided with the generous support of GREAT-WEST LIFE.

Exchange Details

1st

The first half of this exchange will take place in February in **Winnipeg, Manitoba**. Participants will explore the Canadian Museum for Human Rights and discuss related-themes that apply to their own lives/communities.

In the months that pass between travel periods, the groups will carry on virtually, exploring this dialogue with a blog or vlog!

2nd

Participants will explore the twin group's community and put their plan into action! **THINK:** fundraiser for a charity, organizing a school or community awareness event, an anti-bullying rally or volunteering at a local food bank.
